

Please carefully read the installation manual before installation work, and please do the installation following to manual. Please keep the manual for future reference.

## ► Before installation - Checking the part

### ■ Maintenance kit

- Use if the product needs to be reinstalled.

### ① CAUTION -When attaching the double-sided adhesive tape.

1. After removing the protective film from the double-sided adhesive tape, preserve the tape so that it doesn't get dirty.  
If touching the tape with a hand or foreign materials get on it, its adhesive strength can be significantly deteriorated.
2. The adhesive tape will have full adhesive strength after the 24 hours from its placement. Please do not use the products right after its placement.

## ► How to install the Gear S3 frontier/classic - High Security Set

### ■ How to Assemble

1

With the Gear S3 strap buckle facing upward, assemble Gear S3 according to the shape of cradle (a) head.

2

Assemble the security cover (b) to the groove on the cradle (a) head, and then assemble the screw (f) using the triangle wrench (g).

3

Assemble the security cover (b) in the same way as No. 2.

4

Assemble the triangle wrench (g) and the hexagonal wrench (i) and fasten the screws (4) firmly again to prevent the screws fixing the security cover from becoming loose easily.

\* If this step is omitted, the screw may become loose easily.

## ► How to separate the Gear S3 frontier/classic - High Security Set

※ Before separating the charging & security cable connector, make sure to turn off the control box.

## ► Safety warning

- Warning:** To prevent the injury of the user or other people and property damage, the following instructions must be followed.
- Do not expose the product to fire or other electric heaters!
    - This creates the risk of fire or damage to the product.
  - Do not disassemble, repair, or remodel the product!
    - This creates the risk of injury.
    - Please call the service center when repair is necessary.
  - Do not forcibly bend or pull the wire!
    - This creates the risk of damage to the product or injury to the user.
  - When the wire is disconnected or breaks away, do not touch the wire with bare hands, but always wear protective hand gloves!
    - The disconnected part of the wire is sharp, thus, may cause injury.
  - Do not use the wire for purposes other than as a security alarm device, and do not allow access to children!
    - Winding the wire around your neck or body may result in death or serious injury.
  - Do not touch the wire when there is lightning and thunder!
    - This creates the risk of electric shock.

※ The specifications and design of the product may be modified without prior notice to improve product performance.

## ► MEMO

**FCC Warning Statement**

FCC Part 15.19

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Part 15.21

Any changes or modifications (including the antennas) to this device that are not expressly approved by the manufacturer may void the user's authority to operate the equipment.

**FCC Radiation Exposure Statement**

This equipment complies with FCC Radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment should be installed and operated with a minimum distance of 10cm between the radiator and your body.

**IC Warning Statement**

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) L'appareil ne doit pas produire de brouillage, et (2) L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

**IC Radiation Exposure Statement**

This equipment complies with IC RF Radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment should be installed and operated with a minimum distance of 10cm between the radiator and your body.

Cet équipement est conforme aux limites établies par Industrie Canada en matière d'exposition aux radiofréquences dans un environnement non contrôlé. Cet appareil et son antenne ne doivent pas être colocalisés ou fonctionner en conjonction avec tout autre antenne ou émetteur.

Cet équipement doit être installé et utilisé avec une distance minimale de 10cm entre le radiateur et votre corps.
